

INDEX TO VOLUME 53

AUTHORS INDEX*

A

- ACKEN, HENRY S., JR., Fetal mortality in cesarean section, 927
- ACOSTA-SISON, H., The positive diagnosis of hydatidiform mole without evidence of mole cysts, 132
- ALLEN, EDWARD, AND GALLOWAY, CLARISSE, Pelvic examination for nurses, 290
- ALTER, ROBERT L., JONES, CLAUDIUS P., AND CARTER, BAYARD, The treatment of mycotic vulvovaginitis with propionate vaginal jelly, 241
- ANDERSON, HARLEY E., Combined evipal and scopolamine analgesia and cyclopropane anesthesia in obstetrics, 758
- ANDERSON, W. A. D. (WITH HAUKOHL, ROBERT S.), Dichorial unilateral tubal twins, 338
- ANDREW, WILLIAM H., JR. (WITH ELLER, WILLIAM C., MENGERT, WILLIAM F., AND JENNETT, RAYMOND J.), Experience with midpelvic dystocia, 823
- ANDREWS, C. J., AND NICHOLLS, RICHARD B., Coexisting cancer of the ovary and fundus, 75
- ANNITTO, JOHN E. (WITH CHESLEY, LEON C.), Pregnancy in the patient with hypertensive disease, 372
- (WITH CHESLEY, LEON C., AND JARVIS, DANIEL G.), A study of the interaction of pregnancy and hypertensive disease, 851
- ATLEE, H. B., Anteversion of the retroverted uterus, 896 (Correspondence)
- ATRE, J. ERNEST, Selective cytology smear for diagnosis of cancer, 609

B

- BANCROFT, FREDERIC W., The surgical treatment of phlebothrombosis in obstetric and gynecologic patients, 109
- BARNES, ALLAN C., Placental metabolism of vitamin C. I. Normal placental content, 645
- (WITH HOLZAEFFEL, JOHN H.), Placental metabolism of vitamin C. II. Histochemical analysis, 864
- BARTHOLOMEW, R. A., The possible etiologic significance of thrombosis of a placental vein on the mechanism of placental infarction and associated toxemia of pregnancy, 650
- BEACHAM, DAN W. (WITH BEACHAM, WOODWARD D., HOLMES, JOHN A., BEACHAM, HUGH T., MITCHELL, GEORGE J., AND CALLENDER, CLAUDE G.), A 55-pound solid uterine myoma, 839
- BEACHAM, HUGH T. (WITH BEACHAM, WOODWARD D., HOLMES, JOHN A., MITCHELL, GEORGE J., CALLENDER, CLAUDE G., AND BEACHAM, DAN W.), A 55-pound solid uterine myoma, 839
- BEACHAM, WOODWARD D., HOLMES, JOHN A., BEACHAM, HUGH T., MITCHELL, GEORGE J., AND CALLENDER, CLAUDE G., A 55-pound solid uterine myoma, 839
- BECKER, SYLVIA (WITH FINKLER, RITA, S.), A preliminary evaluation of dienes-trol in the menopause, 513
- BEEBE, ROBERT A. (WITH EDWARDS, EUGENE A.), Primary carcinoma of the Fallopian tube, 1049
- BEECHAM, CLAYTON T., An analysis of deaths from postpartum hemorrhage, 442
- BELSON, MAURICE O., Tubal and uterine twin pregnancy, 883
- BENSON, RALPH C. (WITH HAUGEN, JOHN A.), Minimal spinal anesthesia in vaginal delivery, 805
- BERLIND, MELVYN, Bilateral dermoid cyst, uterine fibroids, and pregnancy, 692
- BERNSTINE, J. BERNARD, AND PRINCE, LEON N., An analytical survey of eclampsia, 972
- BLOOM, OSCAR H., Mixed synthetic estrogens—their use in the menopause, 263
- (WITH HYAMS, MORTIMER N.), Leucoplakia vulvae, 214
- BOWLES, LESTER (WITH KRAFKA, JOSEPH, JR.), The amniotic duct as the key structure in the determination of the direction of growth of the human placenta and its orientation in the uterus, 561
- BOYLE, JOHN B., JR., AND RICHTER, CHRISTIAN F., True knot in the umbilical cord causing death of monoamniotic twins in a primipara before labor, 886
- BRADBURY, J. T. (WITH BROWN, W. E.), A study of the physiologic action of human chorionic hormone, 749
- BREWER, JOHN I., AND JONES, HAROLD O., The time of ovulation, 637
- BROWN, W. E., AND BRADBURY, J. T., A study of the physiologic action of human chorionic hormone, 749
- BROWN, WILLIAM W., JR., Meningitis following continuous caudal anesthesia, 682
- BRUBAKER, ELWOOD R. (WITH HERSHENSON, BERT B.), Scopolamine and apomorphine in labor, 980
- BUBIS, JACOB L., Puerperal gynecology. A report of thirty years' experience with gynecologic repair operations immediately after childbirth, 787
- BUNDE, CARL A., An evaluation of the pregnancy test based on ovarian hyperemia in the immature rat, 317

SUBJECT INDEX*

A

- Abdominal pregnancy, secondary, early form of (Kobak and LaIuppa), 329
- Abortion, Rh factor in (Hunt), 467
- spontaneous (Hudson and Rucker), 167 (Abst.)
- Abortions, therapeutic, analysis of, Bellevue Hospital, 1935-1945 (Perlmutter), 1008
- Abstracts, analgesia, 890
- anesthesia, 353, 890
- cesarean section, 170, 532
- contraception, 716
- dysmenorrhea, 346, 537
- endocrinology, 171, 532, 891
- endometriosis, 532, 894
- gynecologic operations, 172, 534, 1060
- gynecology, 172, 533, 894, 1057
- labor, 173, 345, 535
- malignancies, 353, 717, 889
- menopause, 536
- menstruation, 346, 537, 715, 1061
- newborn, 348, 709, 1664
- placenta, 349, 711
- pregnancy, 167, 350, 532, 711, 712
- puerperium, 352
- roentgen rays, 715
- sterility, 716
- venereal diseases, 717
- Aburel's method of induction of labor, risks of (Perez and Baldi), 536 (Abst.)
- Adenoacanthoma, ovarian, associated with endometriosis of ovary (Kuzma), 245
- Adenocarcinoma of uterus, treatment of (Gray, et al.), 889 (Abst.)
- Adenomyosis and endometriosis (Yin), 894 (Abst.)
- uterine, incidence, symptoms, and pathology in 1856 hysterectomies (Hunter, et al.), 663
- Adnexal disease, antiphlogistic roentgen therapy of (Lobo), 716 (Abst.)
- Adrenal-like ovarian tumor (Speck), 176 (Correspondence)
- Amenorrhea associated with lactation, vaginal cycle in (Martini), 715 (Abst.)
- atresia of vagina and, genital tuberculosis with (Schmidt and Faulkner), 695
- hypohormonal (Beclere and Simmonet), 347 (Abst.)
- in young women, treatment of (Randall), 453
- menstrual cycle of adolescent girls with, effect of pregnenolone on (Harding), 279
- American Association of Obstetricians, Gynecologists, and Abdominal Surgeons, Albert Mathieu Chorionepithelioma Registry of, 355 (Item)

- foundation prize, 540 (Item)
- Board of Obstetrics and Gynecology, 178, 718, 899, 1069 (Items)
- a fifteen-year review (Titus), 704 (Special Article)
- Congress of Obstetrics and Gynecology, 358, 540, 899, 1069 (Items)
- third, 888 (Editorial)

American—Cont'd

- Gynecological Society, transactions of sixty-ninth annual meeting, 1
- medicine, advance of (Smead), 359
- obstetrical and gynecological societies, roster of, 179, 719
- Amniotic duct as key structure in determination of direction of growth of human placenta and its orientation in the uterus (Krafka and Bowles), 561
- fluid, maternal pulmonary embolism by contents of (Hemmings), 303
- Analgesia, 890 (Absts.)
- continuous caudal, delivery with, statistical study of, as compared with other methods (Collins), 891 (Abst.)
- evipal and scopolamine, and cyclopropane anesthesia, combined, in obstetrics (Anderson), 758
- Androgens, conservative treatment and therapeutic test for endometriosis by (Hirst), 483
- Anemia and pregnancy (Bonilla and Paisan), 714 (Abst.)
- sickle-cell, pregnancy and (Martinak), 332
- Anesthesia, 353, 890 (Absts.)
- continuous caudal, meningitis following (Brown), 682
- cyclopropane, and evipal and scopolamine analgesia, combined, in obstetrics (Anderson), 758
- in obstetrics, ether, bronchopneumonia following (Hartzell and Mininger), 353 (Abst.)
- minimal spinal, in vaginal delivery (Haugen and Benson), 805
- regional (Pitkin, et al.), 165 (B. rev.)
- sodium pentothal, in major obstetric and gynecologic surgery (Mazzola), 207
- Anti-Rho serum, commercial, false positive Rh typing obtained with (Pettit and Evans), 596
- Aorta, Coarctation of, pregnancy complicated by (Novak), 1054
- Apomorphine and scopolamine in labor (Hershenson and Brubaker), 980
- Arrhenoblastoma-androblastoma (Tellum), 1059 (Abst.)
- Artery, spiral, in ovary of rabbit (Reynolds), 221
- Aschheim-Zondek Test, Frank and Berman's modification of, experience with (Do Amaral), 350 (Abst.)
- Atresia of uterus, partial and total, after exochleation (Stamer), 1060 (Abst.)

B

- Bleeding from cervix after subtotal hysterectomy (Davis and Cheek), 1060 (Abst.)
- menopausal uterine, radium and roentgen therapy in treatment of (Schmitz and Towne), 199
- postpartum, late, method of prevention (Erving and Power), 1019
- Blood calcium, a normal curve for pregnancy (Newman), 817

*January, pp. 1-180; February, pp. 181-358; March, pp. 359-540; April, pp. 541-720; May, pp. 721-900; June, pp. 901-1084.

- Blood—Cont'd
 loss in third stage of labor, measurement of (Quigley), 271
 maternal and fetal, oxygen pressure gradient between, in pregnant sheep (Baron), 1064 (Abst.)
 anti-Rh agglutinins in, without symptoms of hemolytic anemia in newborn (Goldbloom and Lubinski), 348 (Abst.)
 pressure, endocrine influences upon, of normal and hypertensive rats (Page and Ogden), 150
 in toxemia of late pregnancy (Barnes and Browne), 714 (Abst.)
 Books, review of new, 155
 Breast, sucking response of newly born babies at (Norval), 348 (Abst.)
 Breech presentation (Gosende), 536 (Abst.)

C

- Cancer, estrogens in (Dodds), 891 (Abst.)
 of cervix and pregnancy (Riesco and Rodriguez), 351 (Abst.)
 transvaginal roentgen therapy for, indications and limitations of (Ersline), 353 (Abst.)
 of corpus, background of (Corscaden and Gusberg), 419
 of endometrium, its association with pregnancy (Nestarez and Assali), 889 (Abst.)
 of ovary and fundus, coexisting (Andrews and Nicholls), 75
 of uterus, total (Pelletier de Queiroz), 353 (Abst.)
 selective cytology smear for diagnosis of (Ayre), 609
 Carcinoma, endometrial, leiomyofibroma of uterus and (Siddall), 846
 of cervix (Given), 947
 during first two decades of life (Pollack and Taylor), 135
 prognosis and treatment of, by radiation (Donaldson), 170 (Abst.)
 vesicovaginal fistula complicating, successful repair of (Scrivner), 694
 of Fallopian tube, primary (Edwards and Beebe), 1049
 of portio, squamous epithelial, leucoplakia and (Glatthaar), 170 (Abst.)
 transformation of cervical polyp into (Pasi and Di Guglielma), 353 (Abst.)
 Central Association of Obstetricians and Gynecologists, 178 (Item)
 fourteenth annual meeting, presidential address (Moore), 721
 transactions of, 721
 Cervical lesions, comparative study of colposcopic and histologic findings in (Rieper), 533 (Abst.)
 polyp, transformation of, into carcinoma (Pasi and Di Guglielma), 353 (Abst.)
 Cervicitis, penicillin solution in cases of (De La Osa Garces), 534 (Abst.)
 Cervix, bleeding from, after subtotal hysterectomy (Davis and Cheek), 1060 (Abst.)
 cancer of, and pregnancy (Riesco and Rodriguez), 351 (Abst.)
 carcinoma of (Given), 947
 during first two decades of life (Pollack and Taylor), 135
 prognosis and treatment of (Donaldson), 170 (Abst.)
 vesicovaginal fistula complicating, successful repair of (Scrivner), 694
 fibrous nature of, and its relation to isthmic segment in gravid and nongravid uteri (Danforth), 541
 physiopathology of (Saez), 536 (Abst.)
 spontaneous annular detachment of, during labor (Ingraham and Taylor), 873
 Cesarean section, 170, 532 (Absts.)
 extraperitoneal, intraperitoneal approach (Cacciarelli), 100
 Physick-Sellheim principle of (Ricci and Marr), 170 (Abst.)
 fetal mortality in (Acken), 927
 for placenta previa, placenta accreta found at, with preservation of uterus (Shannon and Dedenhoff), 326
 hemostatic, in severe placenta previa (Infante), 171 (Abst.)
 postmortem (Johnson and Frank), 343
 prophylactic intraperitoneal sulfonamide therapy in (Sala), 171 (Abst.)
 sulfonamide-penicillin therapy in (Perez and Echevarria), 532 (Abst.)
 repeat, problem of, a preliminary study (O'Connor), 914
 Childbirth, gynecologic repair operations immediately after (Bubis), 787
 Chorea gravidarum treated with vitamin B6 (Dutra), 350 (Abst.)
 Chorionepithelioma, metastatic, of lung treated by lobectomy (Maier and Taylor), 674
 Chorionic hormone, production of pseudopregnancy in women by (Brown and Bradbury), 749
 Coarctation of aorta, pregnancy complicated by (Novak), 1054
 Coitus, vaginal lacerations resulting from (Speert), 177 (Correspondence); 539 (Correspondence)
 Conception, uterine accommodation of the products of, physiologic considerations (Reynolds), 901
 Congenital malformations associated with developmental defects of female reproductive organs (Wharton), 37
 Constriction ring dystocia (Rudolph and Fields), 796
 Contraception, 716 (Absts.)
 Contraceptive device, intracervical pessary as a, dangers of (Israel and Harrel), 684
 Corpus, cancer of, background of (Corscaden and Gusberg), 419
 Correspondence, 176, 354, 539, 896, 1067
 Cysts, bilateral dermoid, uterine fibroids, and pregnancy (Berlind), 692
 Cytology smear for diagnosis of cancer, selective (Ayre), 609

D

- Delivery, effect of "dolantine" upon (deSenarclens), 890 (Abst.)
 high forceps, with inverted atypical grasp, case of (deGouvea), 174 (Abst.)
 management of, following stillbirth from previous dystocia (Hunt and DeVoe), 812
 of live full-term baby in mentoposterior position, spontaneous (Johansson), 174 (Abst.)
 vaginal, minimal spinal anesthesia in (Haugen and Benson), 805
 with continuous caudal analgesia, statistical study of, as compared with other methods (Collins, et al.), 891 (Abst.)
 Dermatoses of menopause (Barber), 536 (Abst.)
 Diarrhea in newborn, epidemic (Mayes), 285
 Dichorial unilateral tubal twins (Haukohl and Anderson), 338
 Dienestrol in menopause, evaluation of (Finkler and Becker), 513
 Diet of pregnant women, meat in (Levertton and McMillan), 350 (Abst.)

- Diphtheria, effect of, on pregnancy, with report of five cases (Robinson, et al.), 1029
- Disgerminoma ovarii, Robert Meyer type (Kleitman), 895 (Abst.)
- "Dolantine," effect of, upon delivery (deSenarclens), 890 (Abst.)
- Dysgerminoma and pregnancy (Schneider and Vesell), 688
- of ovary (Rojas), 889 (Abst.); (Schomaker, et al.), 520
- ovarii (Mazel), 1036
- Dysmenorrhea, 346, 537 (Absts.)
- in industry, treatment with a new antispasmodic (Viggiano), 1060 (Abst.)
- presacral neurectomy in treatment of, evaluation of (Tucker), 226
- psychosomatic aspect of (Hunter and Rolf), 123
- Dystocia, constriction ring (Rudolph and Fields), 796
- midpelvic, experience with (Eller, et al.), 823
- E**
- Eclampsia, analytical survey of (Bernstine and Prince), 972
- Ectopic pregnancy, analysis of 212 consecutive cases of (Leff and Winson), 296
- Editorial, The Third American Congress of Obstetrics and Gynecology, 888
- Electro-encephalographic changes associated with uterine curettage (Bertrand, et al.), 173 (Abst.)
- Embolism, maternal pulmonary, by contents of amniotic fluid (Hemmings), 303
- oil, following hysterosalpingography (Ingersoll and Robbins), 307
- Endocarditis, subacute bacterial, during pregnancy (Davis and Wortmann), 878
- Endocrine influences upon blood pressure of normal and hypertensive rats (Page and Ogden), 150
- Endocrinology, 171, 532, 891 (Absts.)
- Endometrial carcinoma, leiomyofibroma of uterus and (Siddall), 846
- Endometrioma of urinary bladder (Balfour), 172 (Abst.)
- Endometriosis, 172, 532, 894 (Absts.)
- and adenomyosis (Yin), 894 (Abst.)
- conservative treatment and therapeutic test for, by androgens (Hirst), 483
- in youth (Fallon), 894 (Abst.)
- internal, its relationship with carcinoma of body of uterus (Medina), 172
- of ovary, ovarian adenoacanthoma associated with (Kuzma), 245
- ovarian, pathogenesis of (Kahanpää), 894 (Abst.)
- perforated, of posterior fornix (Arenas and Blanchard), 172 (Abst.)
- urogenital (Couri and Ramos), 532 (Abst.)
- Endometrium, cancer of, its association with pregnancy (Nestarez and Assali), 889 (Abst.)
- irregular shedding of (McKelvey and Samuels), 627
- menorrhagia associated with (Holmstrom and McLennan), 727
- uterine, glycogen content of (Laqueur), 347 (Abst.)
- Epidemic diarrhea in newborn (Mayes), 285
- Episiotomy wounds, pain in, suggestion for relief of (Rozan), 898 (Correspondence)
- Ergobasin preparations for induction of labor and first stage of (Bass), 535 (Abst.)
- Erythroblastosis fetalis, edema in, influence of human serum albumin on (Jacobi, et al.), 1065 (Abst.)
- Estrogen, meprane, synthetic, preliminary clinical report on a new (Sturgis), 678

- calcification of (Solomons and Falkiner), 711 (Abst.)
- human, direction of growth of, and its orientation in the uterus, amniotic duct as key structure in determination of (Krafka and Bowles), 561
- previa, cesarean section for, placenta accreta found at, with preservation of uterus (Shannon and Dodenhoff), 326
- hemostatic cesarean section in (Infante), 171 (Abst.)
- marginal, treated by artificial rupture of membranes thirty-nine days before vaginal delivery (Millen), 885
- statistical study of cases of, occurring in Jewish Hospital from 1935 to 1946 (Daichman and Pomerance), 1024
- treatment of (Kuntz and Mussi), 349 (Abst.)
- Placental infarction, mechanism of, possible etiologic significance of thrombosis of placental vein on (Bartholomew), 650
- metabolism of vitamin C (Barnes), 645
- histochemical analysis (Holzaepfel and Barnes), 864
- vein, thrombosis of, possible etiologic significance of, on mechanism of placental infarction and associated toxemia of pregnancy (Bartholomew), 650
- Podophyllin treatment of soft papillomas of female urethra (Reich, et al.), 658
- Postigmine in delayed menstruation and pregnancy, further observations on (Parella), 1062 (Abst.)
- Postmortem cesarean section (Johnson and Frank), 343
- Postpartum bleeding, late, method of prevention (Erving and Power), 1019
- hemorrhage, analysis of deaths from (Beecham), 442
- late (Wolfe and Pedowitz), 84
- Pregnancy, 350, 711, 712 (Absts.)
- abdominal, early form of secondary (Kobak and La Iuppa), 329
- acute leucemia and, treated with penicillin (Harris, et al.), 142
- and double uterus (Tyson), 869
- and its product, effect of wartime starvation in Holland upon (Smith), 599
- and sickle-cell anemia (Martinak), 332
- anemia and (Bonilla and Paisan), 714 (Abst.)
- true iron deficiency, use of molybdenized ferrous sulfate in treatment of (Neary), 712 (Abst.)
- Aschheim-Zondek test, Frank and Berman's modification of, experience with (Do Amaral), 350 (Abst.)
- bilateral dermoid cysts, uterine fibroids, and (Berlind), 692
- blood calcium, normal curve for (Newman), 817
- pressure in toxemia of late (Barnes and Browne), 714 (Abst.)
- cancer of cervix and (Riesco and Rodriguez), 351 (Abst.)
- of endometrium associated with (Nestarez and Assali), 889 (Abst.)
- combined extrauterine and intrauterine (Gruenewald), 341
- complicated by coarctation of aorta (Novak), 1054
- by double uterus, cervix and vagina (Klein), 321
- by heart disease, obstetric management of (Henderson), 494
- dysgerminoma and (Schneider and Vesell), 688
- ectopic, 532 (Absts.)
- analysis of 212 consecutive cases of (Leff and Winson), 296
- hysterosalpingography in diagnosis of (Campos da Paz Fo), 532 (Abst.)
- effect of diphtheria on, with report of five cases (Robinson, et al.), 1029
- frog test of (von Wattenwyl), 711 (Abst.)
- in patient with hypertensive disease (Chesley and Annitto), 372
- inter-action of, and hypertensive disease, study of (Chesley, et al.), 851
- myasthenia gravis and (Andrew and Barr), 714 (Abst.); (Wilson and Barr), 351 (Abst.)
- nutritional macrocytic anemia in, response to substance in liver other than that effective in pernicious anemia (Watson and Castle), 712 (Abst.)
- ovarian cysts with torsion of pedicle during (Moscoso), 715 (Abst.)
- physiology, 167 (Absts.)
- protein in, role of (Murray), 712 (Abst.)
- rupture of rectus abdominis muscle during (Thomas), 351 (Abst.); 713 (Abst.)
- secondary abdominal, early form of (Kobak and La Iuppa), 329
- simultaneous, in both tubes (Weyeneth), 533 (Abst.)
- subacute bacterial endocarditis during (Davis and Wortmann), 878
- syphilis in, treated by penicillin (Ingram), 881
- test, evaluation of, based on ovarian hyperemia in immature rat (Bunde), 317
- toxemia of late, blood pressure of relatives of patients with (Barnes and Browne), 352 (Abst.)

- Pregnancy—Cont'd
 toxemias of, classification of, discussion of (Savel), 505
 twin, tubal and uterine (Belson), 883
 Pregnant women, meat in diet of (Leverton and McMillan), 350 (Abst.)
 weight of normal (Agüero), 712 (Abst.)
 Pregneninolone, effect of, on menstrual cycle of adolescent girls with oligomenorrhea or amenorrhea (Harding), 279
 Premature and congenitally weak babies, care of (Gesteira), 710 (Abst.)
 Prematurity, causes of (Brown, et al.), 1066 (Abst.)
 influence of syphilis on (Brown, et al.), 348 (Abst.)
 etiological factors of, study of (Martinez), 710 (Abst.)
 influence of maternal illness on (Brown, et al.), 348 (Abst.)
 study of, from standpoint of incidence, mortality, and survival (Tyson), 1065 (Abst.)
 Presacral neurectomy in treatment of dysmenorrhea, evaluation of (Tucker), 226
 Presentation, oblique, one hundred cases of (Perez G. Lozana), 174 (Abst.)
 transverse (de Gouvea), 173 (Abst.)
 Progesterone, thermogenic effect of, 171 (Abst.)
 Prolapse of female urethra (da Silva Pereira), 534 (Abst.)
 Prothrombin levels, infants', parenteral vitamin K therapy during antepartum period and its effects on (Reich, et al.), 300
 Pseudopregnancy, production of, in women by chorionic hormone (Brown and Bradbury), 749
 Psychosomatic aspect of dysmenorrhea (Hunter and Rolf), 123
 Puerperal gynecology (Bubis), 787
 mastitis, acute, penicillin and (Hodgkinson), 834
 Puerperium, 352 (Absts.)
 hemorrhage in, case of late (Palik and Rechnitz), 352 (Abst.)
 Pulmonary embolism, maternal, by contents of amniotic fluid (Hemmings), 303
- R
- Radiation, prognosis and treatment of carcinoma of cervix by (Donaldson), 170 (Abst.)
 therapy of pelvic tuberculosis in female based upon experimental evidence in animal and clinical results in human (Campbell), 405
 Radium and roentgen therapy in treatment of menopausal uterine bleeding (Schmitz and Towne), 199
 interstitial implantation of, into parametrium, new technique (Covington), 717 (Abst.)
 Reactions of Soskin, Wachtel, and Hechter, considerations concerning (Gori, et al.), 538 (Abst.)
 Rectus abdominis muscle, rupture of, during pregnancy (Thomas), 351 (Abst.); 713 (Abst.)
 Red degeneration of uterine myomas (Faulkner), 474
 Reproductive organs, female, developmental defects of, congenital malformations associated with (Wharton), 37
 Rh antibodies, clinical significance of, in sera of Rh negative mothers (Howard, et al.), 569
 in newborn, demonstration of, and further evidence of pathogenesis of erythroblastosis (Hill and Haberman), 1064 (Abst.)
 factor, application of our knowledge of (Cole), 181
 in abortion (Hunt), 467
 in transfusion death of woman delivered of hydrops fetus and placenta (Wespi), 713 (Abst.)
 negative mothers, sera of, clinical significance of Rh antibodies in (Howard, et al.), 569
 sensitization, maternal, evidence of, without evidence of hemolytic disease in newborn (Karliher and Miller), 709 (Abst.)
 typing, false positive, obtained with commercial anti-Rho serum (Pettit and Evans), 596
 Roentgen rays, 715 (Absts.)
 stimulation of ovaries (Guitarte), 715 (Abst.)
 therapy for adnexal disease, antiphlogistic (Lobo), 716 (Abst.)
 for cancer of cervix, transvaginal, indications and limitations of (Ers-kine), 353 (Abst.)
 Roster of American gynecological and obstetrical societies, 179, 719
- S
- Scopolamine and apomorphine in labor (Hershenson and Brubaker), 980
 Senile skin, effects of estrogens on (Goldzieher), 893 (Abst.)
 Serology and obstetrics (LaVake), 459
 Sex, marriage and family (Rice), 165 (B. rev.)
 problems of returned veterans (Kitching), 165 (B. rev.)
 Sodium pentothal anesthesia in major obstetric and gynecologic surgery (Maz-zola), 207
 Sperm motility, influence of vitamins and endocrines upon physiology of (Tschumi), 893
 Starvation, wartime, in Holland, effect of, upon pregnancy and its product (Smith), 599
 Sterility, 716 (Absts.)
 diagnosis in, conference on, 161 (B. rev.)
 hypo-ovarian, control of menstrual disturbances and (Hall), 259
 investigation and treatment (Guerrero), 716 (Abst.)
 menstrual disorders and, diagnosis and treatment of (Mazer and Israel), 160 (B. rev.)
 psychosomatic aspects, 716 (Abst.)
 tubal surgery and (Ahumada and Chevalier), 535 (Abst.)
 Sterilization, Madlener technic of (Guenin), 172 (Abst.)
 Stillbirths and neonatal deaths, influence of social and economic factors on (Baird), 167 (Abst.)
 Stress incontinence in female (Reis and De-Costa), 776
 Struma ovarico with hyperthyroidism (Dionist and Ferraris), 533 (Abst.)
 Succinylsulfathiazole and phthalylsulfathiazole, intraperitoneal administration of (Young and Cole), 1061 (Abst.)
 Sulfonamide-penicillin therapy in cesarean section (Perez and Echevarria), 532
 Surface tension as factor in resistance of neonatal lungs to aeration (Gruenwald), 996

- Surgery in uterine fibroid, a plea for myomectomy (Ross), 266
 obstetric and gynecologic, sodium pentothal anesthesia in major (Mazzola), 207
 Surgical geriatric gynecology (Lash), 767
 management, ambulation, early, and related procedures in (Leithauser), 162 (B. rev.)
 Synthetic estrogens, mixed, their use in menopause (Bloom), 263
 Syphilis in pregnancy treated by penicillin (Ingram), 881
 influence of, on prematurity (Brown, et al.), 348 (Abst.)
 Syphilitic pregnant women, penicillin treatment of (Ingraham), 717 (Abst.)

T

- Talcum glove powder, problem of, and contraindications for its employment (Douglass), 500
 Thrombosis of placental vein, possible etiologic significance of, on mechanism of placental infarction and associated toxemia of pregnancy (Bartholomew), 650
 Thyroid, role of, in certain menstrual disorders (Fredrickson), 1062 (Abst.)
 Toxemia of late pregnancy, blood pressure of relatives of patients with (Barnes and Browne), 352 (Abst.)
 Toxemias of pregnancy, classification of, discussion of (Savel), 505
 Transverse presentation (de Gouvea), 173 (Abst.)
 Tubal surgery and sterility (Ahumada and Chevallier), 535 (Abst.)
 Tuberculosis, genital, significance, diagnosis, and treatment of female (Kovacs), 172 (Abst.)
 with atresia of vagina and amenorrhea (Schmidt and Faulkner), 695
 of internal female genitalia, endometrial biopsy as diagnostic aid in (Schockaert and Ferin), 533 (Abst.)
 pelvic, in female, treatment of, by radiation therapy based upon experimental evidence in animal and clinical results in human (Campbell), 405
 Tumor, masculinizing, of ovary of adrenal type (Douglass), 190
 theca-cell, of ovary, Meigs' syndrome in (Frankenthal), 331
 Tumors, homologous ovarian and testicular (Teilum), 1059 (Abst.)
 of ovaries, co-existing different (Siegler and Silverstine), 700
 ovarian, operated at Helsinki University Clinic of Gynecology during 1900-1944, clinical-statistical investigation of (Vara and Pankamaa), 1058 (Abst.)
 Twin pregnancy, tubal and uterine (Belson), 883
 Twins, dichorial unilateral tubal (Haukohl and Anderson), 338
 fraternal, bilateral harelip and unilateral harelip with cleft palate in (Shea and Nelson), 340

U

- Umbilical cord, true knot in, causing death of monoamniotic twins in primipara before labor (Boyle and Richter), 886
 Urethra, female, prolapse of (da Silva Pereira), 534 (Abst.)
 soft papillomas of, podophyllin treatment of (Reich, et al.), 658

- Urine, incontinence of, in female, operation for cure of (Frank), 618
 Urogenital endometriosis (Couri and Ramos), 532 (Abst.)
 Uteri, gravid and nongravid, fibrous nature of human cervix and its relation to isthmic segment in (Danforth), 541
 Uterine accommodation of the products of conception: physiologic considerations (Reynolds), 901
 adenomyosis, incidence, symptoms, and pathology in 1856 hysterectomies (Hunter, et al.), 663
 curettage, electro-encephalographic changes associated with (Bertrand, et al.), 173 (Abst.)
 endometrium, glycogen content of (Laqueur), 347 (Abst.)
 fibroid, surgery in, a plea for myomectomy (Ross), 266
 fibroids, bilateral dermoid cysts, and pregnancy (Berlind), 692
 inertia, pituitary extract in (Eastman), 432
 myoma, a 55-pound solid (Beacham, et al.), 839
 myomas, red degeneration of (Faulkner), 474
 prolapse, third degree, vaginal hysterectomy with radical advancement of the uterosacral ligaments for pelvic floor hernioplasty in cases showing (Veenboer and Kooistra), 936
 Uterus, adenocarcinoma, treatment of (Gray, et al.), 889 (Abst.)
 atresia of, partial and total, after exochelation (Stamer), 1060 (Abst.)
 cancer of, total (Pelitier de Quelroz), 353 (Abst.)
 cervix, and vagina, double, pregnancy complicated by (Klein), 321
 double, pregnancy and (Tyson), 869
 leiomyofibroma of, and endometrial carcinoma (Siddall), 846
 retroverted, anteversion of (Atlee), 896 (Correspondence)

V

- Vagina, absorption of penicillin from (Goldberger, et al.), 529
 and uterus, normal and pathologic, bacterial flora of, study of (Hite, et al.), 233
 atresia, and amenorrhea, genital tuberculosis with (Schmidt and Faulkner), 695
 bacteriology of, in total hysterectomy (Duncan), 324
 Vaginal cycle in amenorrhea associated with lactation (Martini), 715 (Abst.)
 delivery, minimal spinal anesthesia in (Haugen and Benson), 805
 hysterectomy with radical advancement of the uterosacral ligaments for pelvic floor hernioplasty in cases showing third degree uterine prolapse (Veenboer and Kooistra), 936
 jelly, propionate, treatment of mycotic vulvovaginitis with (Alter, et al.), 241
 lacerations resulting from coitus (Speert), 177 (Correspondence); 539 (Correspondence)
 Vasa previa (Rucker and Tureman), 349 (Abst.)
 Venereal diseases, 717 (Absts.)
 Vesicovaginal fistula complicating carcinoma of cervix, successful repair of (Scrivner), 694
 Vitamin A, treatment of leucoplakia vulvae with, etiology and results of (Hyams and Bloom), 214
 B6, chorea gravidarum treated with (Dutra), 350 (Abst.)
 C in mothers and their newborn infants, comparison of (Slobody, et al.), 1066 (Abst.)

- Vitamin C—Cont'd
 placental metabolism of (Barnes), 645
 histochemical analysis (Holzaepfel and Barnes), 864
 test for ovulation (Pillay), 1063 (Abst.)
 E deficiency, electrocardiogram of rats on (Ensor), 1064 (Abst.)
 K, antepartum, effect of, on retinal hemorrhage (Falls and Jurow), 709 (Abst.)
 therapy during the antepartum period, parenteral, and its effect on infants' prothrombin levels (Reich, et al.), 300
Voorhees bag, analysis of its use in 164 cases (Webster), 957
- Vulva, supernumerary mammary gland tissue in, fibroadenoma of (Fisher), 335
Vulvovaginitis, mycotic, treatment of, with propionate vaginal jelly (Alter, et al.), 241
- W
- Wartime starvation in Holland, effect of, on pregnancy and its product (Smith), 599
Weight of normal pregnant women (Agüero), 712 (Abst.)
